

BlazeDay at Mabry Middle School, Feb 10th 2012

On Friday February 10th the BlazeSports staff was welcomed by staff and pupils from Mabry Middle School as part of their Disability Awareness Program.

The BlazeSports staff worked with PE teacher Ms McCall to organize a day of activities that allowed the students to experience a variety of disability sports. These sports included wheelchair racing, wheelchair basketball, sitting volleyball and goalball.

The students were excited to try each sport and at the end of their session they all agreed that they had a greater understanding of what it feels like to be a wheelchair user or to have a visual impairment. They also enjoyed learning of the many sporting opportunities available to people with disabilities.

Our very own Georgia Blazer, Luke Hutchinson is an 8th grader at Mabry Middle and the BlazeDay was dedicated to Luke and his wheelchair basketball success. Luke's classmates and teachers had designed a special poster for Luke that he got to take home.

Georgia Blazer Luke Hutchinson shows off his tremendous skills for his classmates.

The BlazeDay culminated in a very exciting game of wheelchair basketball with Luke on one team demonstrating his skills to his class. 8th Grade pupils were selected to join the game and the level of play was very impressive.

Many thanks to Coach McCall and Coach Graber for their support and also to the Hutchinson family for their involvement in the BlazeDay. Mabry Middle Blazes!

WELCOME
Blaze Sports TO
FIRST DISABILITY/ACCESS DAY!

LUKE #21
HUTCHINSON
ROCKS!
